Tohoku and Niigata Study Trip

By Mr. Takashi Yamashita, Head of IISEE Administration Division

From November 7th (Mon.) to 11th (Fri.), 2016, S Course and E Course visited Miyagi Prefecture (Sendai, Onagawa and Ishimaki) and Niigata Prefecture (Nagaoka) as a study trip, and T Course visited Miyagi Prefecture (Matsushima, Ishimaki, Onagawa and Minami-Sanriku) and Iwate Prefecture (Kamaishi and Miyako).

For them, the study trip seemed very meaningful since they could observe the process of reconstruction from the Chuetsu Earthquakes in 2004 and the Great East Earthquake in 2011. For the reports by participants, please wait for the next issue.

We appreciate the support in site by the people in associated institutions and organizations. (Please see P2 for the snapshots of the study trip.)

Inspection of Construction site at New Sendai NHK Broadcast Hall

Introduction of IISEE Booth at 16WCEE

By Dr. Toshihide KASHIMA, Senior Research Engineer, IISEE

IISEE will set up a booth of information desk at the venue of 16WCEE, World Conference on Earthquake Engineering in Santiago, Chile on January 9th to 13th, 2017. The booth number is E5 and we will introduce the our training and research activities. Several staff members of IISEE are going to participate the conference and are looking forward to seeing the ex-participants and people involved.

We'll announce the detail of the alumni meeting of IISEE that will be held on January 11th in the night a.s.a.p.

Please let us know sending an e-mail to iisee@kenken.go.jp beforehand if you are planning to attend 16WCEE.

Article for Correction

We correct the previous article as bellow.

Wrong : 22 candidates from 12 countries applied for the IISEE training program this year.

Right : 32 candidates from 13 countries applied for the IISEE training program this year.

Call for Papers

IISEE Bulletin is now accepting submissions of papers for the seismology, earthquake engineering, and tsunami. Developing countries are targeted, but are not limited.

Your original papers will be reviewed by the editorial members and some experts.

NO submission fee is need.
