## In This Issue

- Interim presentation held on July 3
- Donation of book
- Newly released book
- Year Book Vol.35 2020

## IISEE Net and Training

IISEENET

IISEE-UNESCO Lecture Note

IISEE E-learning

Synopsis Database

Bulletin Database

## Earthquakes

The 2011 off the Pacific coast of Tohoku Earthquake

Reports of Recent Earthquakes

Utsu Catalog

Earthquake Catalog

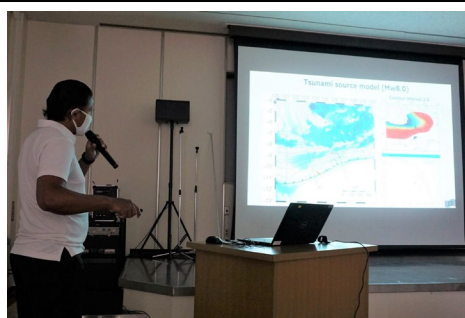

## Interim presentation held on July 3

By Dr. Tatsuya Azuhata, Director of IISEE

On July 3, we held an interim presentation session as a part of individual training. In this presentation, we requested all participants to present the interim results of their study. And we think this session allows them to practice their research presentations.

The session consisted of S- and T- courses together and E-course separately. To prevent corona infection, we took measures such as using a larger room than usual years.

We want all participants to continue to devote themselves to the research and take good care of their health not to waste their efforts.

Mr. GUTERRES JONES Felix Januario from Timor-Leste, Tsunami Disaster Mitigation course

Ms. LKHAGVA Dagzinmaa from Mongolia, Seismology course

Mr. OROPEL Joseph Christopher from Philippines, Earthquake Engineering course

Mr. RAMOS HERNANDEZ William Alexander from El Salvador, Earthquake Engineering course

Enjoy, Now

## Call for Papers

IISEE Bulletin is now accepting submissions of papers for the seismology, earthquake engineering, and tsunami. Developing countries are targeted, but are not limited. Your original papers will be reviewed by the editorial members and some experts.

NO submission fee is needed.

Try to challenge!

## Contact Us

The IISEE Newsletter is intended to act as a go-between for IISEE and ex-participants.

We encourage you to contribute a report and an article to this newsletter. Please let us know your current activities in your countries.

We also welcome your co-workers and friends to register our mailing list.

iiseenews@kenken.go.jp

## Donation of book

By Dr. Tatsuya Azuhata, Director of IISEE

We have received the book donated by Dr. Krishna Gopal Bhatia, who participated in the advanced earthquake engineering course (1969-1970) of the IISEE from India.

The title, etc. of the book are as follows.

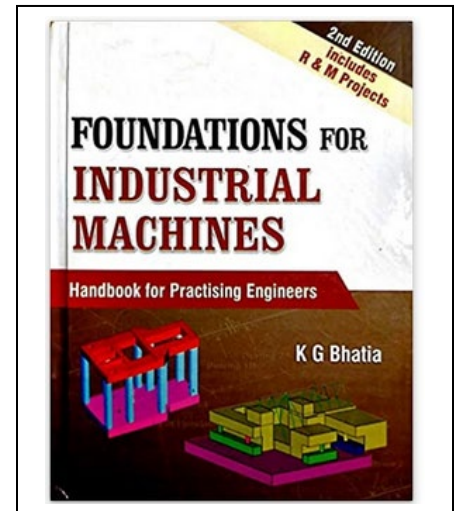

Title: Foundations for Industrial Machines Handbook for Practising Engineers

Author: Krishna Gopal Bhatia

Publisher: D-CAD Publishers

ISBN: 978-8190603225

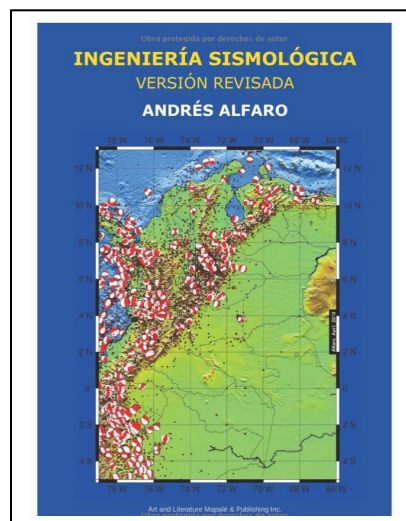

The first version was issued in 2008: The second (latest) in 2011.

We can read this book anytime in the IISEE library. We think that it provides us useful insights into earthquake engineering research and in-depth knowledge about vibrations. It is also available on the internet shop site like AMAZON. If you are interested in it, please search there. We sincerely appreciate Dr. Krishna Gopal Bhatia for his kind support for the IISEE.

## Newly released book

By Dr. Tatsuya Azuhata, Director of IISEE

We received the message from Dr. Andrés Alfaro Castillo, an ex-participant (2004-2005 Seismology Course) of IISEE, from Colombia. He said that he had published a book of engineering seismology in Spanish. The title, etc. are as follows.

Title: Ingeniería Sismológica-Versión Revisada (Spanish Edition)

Author: Andrés Alfaro Castillo

Publisher: Art and Literature Mapalé & Publishing Inc.

ISBN: 978-1988691237

We think that this book plays the role of the interface between seismology and earthquake engineering.

According to his comment, it includes what he learned in the IISEE training course. The book is available on the internet shop site like AMAZON. We, IISEE, welcome information on such activities of ex-participants as publishing books, being awarded, obtaining academic titles and so on.

## Year Book vol.35 2020

By Mr. Takahiro Yamada Head of Administration Division, IISEE

As you know, IISEE publishes "YEAR BOOK" every two years.

You can download Response sheet from our HP.

Download : <https://iisee.kenken.go.jp/?p=down>

We will send Response sheet to ex-participants. Please send it back to us.  
iisee@kenken.go.jp

Year book will not be published as a booklet from this year because of the following reasons:

-There are some countries where overseas shipment is unstable or unavailable due to COVID-19.

-To reduce the use of paper for saving the environment.

Ex-participants can obtain the information in the Year book on request basis.

If you would like to get the information, please send us the response sheet below, together with your (1) purpose of use and (2) reason (why you need them).

Please note that your personal information will be strictly protected and could only be disclosed with your written permission.

It will be highly appreciated if we receive your feedbacks by September 30, 2020.

Thank you very much for your kind cooperation.
